

KOKKIRALA SOWNDARYA

kokkiralasowndarya26@gmail.com | 📍 Andhra Pradesh | Kokkerala Sowndarya | LinkedIn

PROFESSIONAL SUMMARY

Motivated Master of Computer Applications (MCA) graduate with a strong foundation in Python programming, Machine Learning fundamentals. Completed an AI & ML internship with hands-on experience in developing machine learning models using Python, Scikit-learn, Pandas and Numpy. Familiar with data preprocessing, supervised learning, and problem-solving techniques. A quick learner with strong analytical, teamwork, and communication skills, eager to contribute to technology-driven and growing in a dynamic environment.

SKILLS

Programming Language : Python

Machine Learning : Machine Learning Fundamentals, Supervised Learning, Model Training and Evaluation, Logistic Regression, Support Vector Machine (SVM)

Libraries: Pandas, NumPy, Scikit-learn, Matplotlib

Natural Language Processing (NLP): Text Preprocessing, TF-IDF Vectorization, NLTK

Database: MySQL

Soft Skills: Quick Learner, Team Collaboration, Analytical Thinking, Problem Solving

WORK EXPERIENCE

AI & ML Developer Intern

Glossary Softtech, Hyderabad | Feb 2024 – May 2024

- Developed and evaluated ML models for real-world AI applications using Python and Scikit-learn.
- Built data preprocessing pipelines and applied Logistic Regression & SVM for classification tasks.

PROJECTS

1. Sentiment Analysis of Zomato & Swiggy Reviews - *Tech Stack: Python, NLP, Machine Learning*

- Built an NLP model to classify food delivery reviews as positive, negative, or neutral.
- Applied TF-IDF vectorization with Logistic Regression and SVM for accurate text classification.
- Used Pandas, Scikit-learn, and Matplotlib for data preprocessing and result visualization.

GitHub: <https://github.com/KokkeralaSowndarya/Zomato-and-Swiggy-ML>

2. Expense Tracker Web App - *Tech Stack: Python, Streamlit, SQLite, Pandas, Plotly*

Developed a web-based Expense Tracker application using Python, Streamlit, and SQLite to manage daily expenses. Implemented features to add, update, delete, search expenses, and visualize data through an interactive dashboard.

GitHub: <https://github.com/kokkiralasowndarya/Expense-Tracker>

EDUCATION

Master Of Computer Applications (MCA)

2024 - 2026 | CGPA: 9.15

Aditya University

B.Sc. in Mathematics, Statistics & Computer Science

2021 - 2024 | CGPA: 8.58

ABN & PRR College of Science | Adikavi Nannaya University

Intermediate – M.P.C

2019 - 2021 | CGPA: 7.65

Vikas Junior College | Board of Intermediate Education, AP

Secondary School Certificate (S.S.C)

2018 - 2019 | CGPA: 9.0

ZPP High School | Board of Secondary Education, AP

CERTIFICATIONS

Python Programming Course - Udemy
